According to Decision [No 1/JOT/WB/13](#) dated **27 September 2013** of the Minister of Transportation, Construction and Maritime Industry, the **Building Research Institute** has been designated as a **Technical Assessment Body (TAB)** authorised to issue **European Technical Assessments**.

The Building Research Institute is authorised to issue European Technical Assessments for construction products used in general construction within the scope of the following product areas:

Item	Product area according to Annexe IV, Table 1 to the Regulation No 305/2011	Area code ¹⁾
1	Precast normal/lightweight/autoclaved aerated concrete products	1
2	Doors, windows, shutters, gates and related building hardware	2
5	Structural bearings. Pins for structural joints	5
6	Chimneys, flues and specific products	6
7	Gypsum products	7
8	Geotextiles, geomembranes, and related products	8
9	Curtain walling/cladding/structural sealant glazing	9
10	Fixed fire fighting equipment (fire alarm/detection, fixed firefighting, fire and smoke control and explosion suppression product)	10
11	Sanitary appliances	11
12	Structural timber products/elements and ancillaries	13
13	Wood based panels and elements	14
14	Cement, building limes and other hydraulic binders	15

15	Reinforcing and prestressing steel for concrete (and ancillaries) Post tensioning kits	16
16	Masonry and related products Masonry units, mortars, and ancillaries	17
17	Waste water engineering products	18
18	Floorings	19
19	Structural metallic products and ancillaries	20
20	Internal and external wall and ceiling finishes, internal partition kits	21
21	Roof coverings, roof lights, roof windows, and ancillary products. Roof kits	22
22	Aggregates	24
23	Construction adhesives	25
24	Products related to concrete, mortar and grout	26
25	Space heating appliances	27
26	Pipes, tanks and ancillaries not in contact with water intended for human consumption	28
27	Construction products in contact with water intended for human consumption	29
28	Flat glass, profiled glass and glass block products	30
29	Power, control and communication cables	31
30	Sealants for joints	32
31	Fixings	33
32	Building kits, units and prefabricated elements	34
33	Fire stopping, fire sealing and fire protective products, fire retardant products	35

1) Area code according to Annexe IV, Table 1 to the Regulation (EU) No 305/2011 of the European Parliament and of the Council of 9 March 2011 laying down harmonised conditions for the marketing of construction products and repealing Council Directive 89/106/EEC

From the 1st July 2013, according to European Parliament and EU Council Regulation No 305/2011 of the 9th March 2011 which lays down the harmonized conditions for the marketing of construction products and repeals Council Directive 89/106/EEC, European Technical Assessments are issued instead of European Technical Approvals.

Pursuant to Article 66 section 4 of the above Regulation, the manufacturers and importers may use the European Technical Approvals granted in accordance with Article 9 of the Directive 89/106/EEC before 1st July 2013 as the European Technical Assessments until the lapse of validity of those approvals.

The European Technical Assessments are voluntary documents without time limit and are issued for the following products:

- not covered by the harmonised European standard (hEN)
- not fully covered by the harmonised European standard, i.e. in the case when performance of the product in relation to its fundamental characteristics cannot be fully assessed according to

hEN (assessment method in relation to at least one fundamental characteristic is not suitable or does not exist).

The European Technical Assessments are reference documents for placing these products with CE marking on the common European market after assessment and verification of constancy of performances and drawing up a declaration of performance by the producer.

The relevant statement attached to the application for issuing a European Technical Assessment is available in attachments below.
